Recommended Next Steps in Outreach & Communications for the OCBE

1. Establishing Social Media infrastructure, through Facebook, Twitter and Instagram. Setting up both Board and individual Trustee pages for the above social media platforms. Once established these social media pages will seek followers, or have followers join from Trustee previous pages. Concurrently, Facebook posts, Tweets and Instagram posts will be initiated persuading and defending OCBE policy decisions.

2. Personal outreach by OCBE Trustees to schools within their respective districts. I would suggest personal visits by each Trustee to schools in their district. This would include both charter and regular public schools. This could be done in conjunction with any policy decisions made by OCBE. This could also include meeting with school PTA, PTO organizations on school campuses. These visits would then generate local buzz, with our firm giving articles to local blogs and newspapers as well as posting on the OCBE/Trustee social media platforms. We can bring a photographer on these trips to ensure great images. The board member visits can be spaced out on the calendar so it appears the OCBE Trustees are at many schools during the year. We can orchestrate this with and for the Trustees.

3. For every major policy decision from the OCBE, there will be OCBE board quotes, etc. generated by our firm on social media on Twitter, Facebook, Instagram and where appropriate YouTube and Nextdoor. We will help orchestrate this for and with the Trustees.

4. We can help gain OCBE Trustees more interviews with more friendly media outlets.

5. Research future OCBE communication platforms to get policy information to the public (video, podcasts, etc.)

BOARD AGENDA ITEM

DATE: November 2, 2022

TO: Nina Boyd, Deputy Superintendent

FROM: Ken L. Williams, D.O., Trustee Area 3

SUBJECT: Resolution regarding Advisement of Covid Vaccination

RECOMMENDATION:

Board action on Resolution regarding Advisement of Covid Vaccination.
Whereas, primarily when indicated, the Orange County Board of Education (OCBE) supports the use of proven and reliable routine childhood vaccinations to reduce childhood diseases; and

Whereas, On October 12, 2022, the Center for Disease Control and Prevention (CDC) Advisory Committee on Immunization Practices (ACIP), announced that it is recommended adding the COVID-19 vaccines to the routine schedule of childhood schedule of vaccines for children; and

Whereas, the Covid vaccinations are currently authorized under the Emergency Use Authorization (EUA) act which provides the vaccine companies with immunity from all liability. Furthermore, the EUA requires the existence of an emergency and requires the availability of no other treatment options; and

Whereas, adding the Covid vaccination to the childhood recommended vaccine schedule under the National Childhood Vaccine Injury Act of 1986 provides immunity from all liability once the Covid vaccine is removed from the EUA and is approved by the FDA; and

Whereas, the risk of becoming severely ill from covid-19 increases with age. Individuals who 50 years of age or older, and particularly vulnerable patient population may want to consider vaccination. Covid vaccination may be of benefit for a very limited number of children who are at particularly higher risk of becoming severely ill based on an individual assessment by a physician; and

Whereas, according to CDC statistics a child less than 18 years old has a statistical zero percent mortality rate from Covid-19 clearly showing there is no Covid-19 emergency in children; and

Whereas, the Board in the summer of 2020 through the pandemic of Covid-19, advanced the notion and public policy of opening schools for “in-classroom learning”, objecting to vaccine mandates because no age related medical emergency based upon existing medical data; and

Whereas, adverse side effects from the Covid vaccine in children are not completely understood or known, as the vaccine has limited long term use and no long term safety studies; and
Whereas, the Vaccine Adverse Event Reporting System (VARES)\(^1\) has reported that severe side effects can occur with Covid vaccines and include but are not limited to death, myocarditis and pericarditis\(^2\).

Whereas, Denmark and the Danish Health Authority, understanding the scientific data, has recommend against Covid-19 vaccines for its citizens less than 18 years old\(^3\); and

Therefore, the Orange County Board of Education, expresses concerns that state public health entities and legislators, or Governor Gavin Newsome using state emergency orders, will over react to the recent CDC’s recommendations, by mandating Covid vaccinations into routine childhood vaccinations, for attendance requirements at public schools. Based on existing medical data and a lack of limited long term safety studies on Covid Vaccination in children, the Orange County Board of Education is opposed to mandating the Covid-19 vaccination to children as a requirement for school attendance.

EXHIBIT A
Under the Education Code, the County Superintendent is the employer for all certificated and classified personnel and; therefore, is responsible for negotiating collective bargaining agreements with labor partners and setting salary for confidential, management, and classified personnel. The State Budget included a 6.56% Cost of Living Adjustment and many of our districts in Orange County are settling for amounts in excess of the 6.56%. After completion of the collective bargaining process and ratification by OCSEA and CSEA, the County Superintendent has agreed to the following:

**OCSEA** – Orange County School Educators Association receives a 6% on-going increase for 2022-2023. Effective July 1, 2023 for the 2023-24 fiscal year a 3.25% salary increase on-going and a 2% off-schedule payment.

The Department will pay 50% of the increase to premium costs for health benefits for the 2022-2023 and 2023-2024 plan years. The increased contributions will establish the new permanent maximum on the Department’s contribution (the new permanent cap).

**CSEA** – California School Employees Association receives a 5% on-going increase for 2022-23 and a 1% off-schedule payment effective July 1, 2022. The Department will pay 100% to the increase to premium costs for health benefits for 2022-23. The increased contribution will establish the new permanent maximum on the Department’s contribution (the new permanent cap).

**Confidential, Management and Supervisory** will follow the CSEA settlement of a 5% on-going increase for 2022-23 and a 1% off-schedule payment effective July 1, 2022. The Department will pay 100% to the increase to premium costs for health benefits for 2022-23. The increased contribution will establish the new permanent maximum on the Department’s contribution (the new permanent cap).

In accordance with Education Code 1302 and board policy 100-10 we are attaching information for all employees who will have an increase of more than $10,000 in a 12-month period. The $10,000 reporting amount was set in statute in 1999 and has not been increased since then. In addition to the employees listed below we have 47 teachers and 32 managers who will receive an increase between $9,000 - $9,999 and 76 teachers and 29 managers who will receive an increase between $7,000 - $7,999.

Educational Materials and Curricula

Introduction
The Orange County Board of Education (Board) directs the Superintendent of Education, to implement within the sphere of influence in the K-12 classrooms, ACCESS schools, and approved charter schools of the Orange County Department of Education (OCDE), the adoption and use of policies; educational materials and curricula that advance core education subjects grounded in the research literature, that include evidence-based facts and knowledge supporting the subject material. K-12 educational materials and curricula should reflect existing laws and pedagogical practices that advance evidence-based knowledge and intellectual development, rather than subjective political ideologies or discriminatory practices.

The Board considers Reverend Martin Luther King, Jr.’s., vision of the United States of America, that Americans should “not be judged by the color of their skin but by the content of their character,” as essential elements of citizenship in these United States of America.

Curricula Instruction
Evidence-based educational materials or curricula, Freedom of speech, First Amendment rights of academic freedom and free moral agency are considered to be core foundational values in education. The Board encourages for staff and students these American freedoms enshrined in the US Constitution and Bill of Rights.

The teaching of fundamental subjects in and student mastery of English, physical and social sciences, humanities, fine and language arts, mathematics, foreign languages, and fundamental reading and writing skills are model subjects and knowledge for students in the 21st century. America’s historical inequities culminating in the American civil rights era, and political rights legislation should be emphasized in student materials where appropriate.

Examples of curricula or pedagogies that shall be avoided or approached with an abundance of restraint, are those that advance one sided political ideas, critical theories, and ideological indoctrination. Novel and unproven curricula, or pedagogies that consist of biased political or social theoretical opinions that are inconsistent with historical events or science, or may emphasize factually incorrect interpretations of history and science, will be avoided.

Prohibition & Teaching-Communism, Marxism and Stalinism
Academic instruction that advocates or teaches communism with the intent to indoctrinate, or to inculcate in any pupil a preference for communism is in violation of CA Educ Code § 51530. Academic instruction that advocates or teaches Marxism or Stalinism with the intent to indoctrinate or to inculcate to any pupil a preference for same, shall be in violation of policy 400-4. This policy does not intend to prevent the historical and academic instruction of facts related to the origins of Communism, Marxism, or Stalinism.

Unproven & Controversial Curriculum or Pedagogical Practices
Unproven and controversial curriculum or pedagogical approaches that shall be avoided include, but are not limited to social, political, or critical theories that advance(s) or advocate(s):

2. Individuals are either a member of the oppressor class or the oppressed class because of ethnicity, skin color, race or sex or gender identity.

3. An individual is inherently morally or otherwise superior to another individual because of ethnicity, skin color, race, sex or gender identity.

4. An individual should be discriminated against or receive adverse treatment due to the individual's ethnicity, skin color, race, sex or gender identity; or an individual should receive favorable treatment due to the individual's ethnicity, skin color, race, sex or gender identity.

5. An individual, by virtue of his or her ethnicity, skin color, race, sex or gender identity, bears responsibility for actions committed in the past or present by other members of the same ethnicity, skin color, race, sex or gender identity.

6. An individual should feel discomfort, guilt, anguish or any other form of psychological distress on account of his or her ethnicity, skin color, race, sex or gender identity.

7. Classroom Displays
The classroom is part of the academic experience. Pursuant to Board policy 400-4 and suggested curriculum guidelines, the Board encourage meaningful discussions about controversial subjects with students to support student free speech to the extent appropriate, and continue to support and recognize the importance of making classrooms nurturing educational places.

Because posting on the classroom walls of materials can reasonably be assumed to have the sponsorship of the school, it is necessary to provide guidance regarding what is appropriate to the learning environment and ensure that all students feel safe in school. Displaying posters with targeted viewpoints may alienate students, or result in the posting of counter viewpoints which will distract from classroom instruction.

Appropriate displays and suggested supplemental display of curricula and materials providing additional coverage or reinforcement of instructional materials may include, but are not limited to include:

In prohibiting the advocacy or teaching of communism with the intent of indoctrinating or inculcating a preference in the mind of any pupil for such doctrine, the Legislature does not intend to prevent the teaching of the facts about communism. Rather, the Legislature intends to prevent the advocacy of, or inculcation and indoctrination into, communism as is hereinafter defined, for the purpose of undermining patriotism for, and the belief in, the government of the United States and of this state.

For the purposes of this section, communism is a political theory that the presently existing form of government of the United States or of this state should be changed, by force, violence, or other unconstitutional means, to a totalitarian dictatorship which is based on the principles of communism as expounded by Marx, Lenin, and Stalin.

(Enacted by Stats. 1976, Ch. 1010.)
